

## Honey B Healthy

This feeding stimulant is used in spring and winter to stimulate the immune system. Prevents mold and fungus in sugar syrups, calms bees when used as a spray, allows direct queen release when sprayed on bees, builds colonies when fed during dearth of nectar and much more. Just add a teaspoon of this concentrate to your sugar syrup feedings. Contains spearmint and lemongrass oil. **16 oz. bottles of concentrate will make 24 gallons of feeding solution.**

- Catalog # 468** Honey B Healthy (16 oz.)  
 Shp. Wt. 3 lbs.....\$26.50
- Catalog # 468G** Honey B Healthy (1 gal)  
 Shp. Wt. 10 lbs.....\$138.00

## Amino-B Booster

Amino-B Booster is a specially formulated apiary blend of free amino acids that can be mixed with sugar syrups and mixed with Honey-B-Healthy which enhances its attractiveness to bees and prevents fermentation. As a blend of free amino acids it is assimilated rapidly, directly through the mid gut to the bee hemolymph and hemocytes, then transported to the sites where protein is needed for growth of the bee, both as larvae and as adults.

- Catalog # 473** Amino-B Booster (16 oz.)..... Shp. Wt. 3 lbs. \$26.50  
 Amino-B Booster (1 gal)..... Shp. Wt. 10 lbs. \$138.00

## Vitamin B Healthy

Vitamin B Healthy is a feeding stimulate that will help your hives thrive. Use in syrups, pollen patties or along with Honey-B-Healthy and Amino-B Booster, which enhances its attractiveness to bees and prevents fermentation. Provides the needed nutrients vital to the honey bee. Helps build strong colonies or can be used to build up a weak colony to strengthen honey production and pollination. Make sure your bees have the nutrients they need to become a strong healthy colony.

- Catalog # 484** Vitamin B Healthy (16 oz.).....Shp. Wt. 3 lbs. \$26.50
