

HONEY B HEALTHY

Non-GMO
Lecithin

The Original
Feeding Stimulant with
Essential Oils!
Helps Promote Healthy Vigorous Hives.[®]
(Makes up to 1100 Gallons Feeding Mix)
5 Gallon (18.92 Liters)

Helps Your Hives to Thrive![®]

Uses: As a feeding stimulant or drench during early spring, fall or dearths of nectar. Helps when used as a spray in sugar water instead of smoke to calm bees and to combine weak colonies. Also, spraying on new plastic foundation helps encourage acceptance.

**DIRECTIONS: MIX OR SHAKE WELL BEFORE USING.
KEEP FROM FREEZING. FOR COMMERCIAL USE,
FEED WITH HONEY SUPERS REMOVED.**

For a minimum feeding mix 1 quart Honey-B-Healthy[®] per 55 gallons of sugar water, maximum feeding 2 quarts per 55 gallons sugar water. For smaller mixes use 1 tsp. (5ml) to 2 tsp. (10ml) per quart for feeding. Drench dose, 1 gallon per 55 gallons sugar water. As a spray to calm bees or to entice bees to work plastic foundation, use the drench dose. For drenching, apply one cup (8 oz. more or less depending on the size of the colony; 3 - 4 oz. on a nuc) of the mix to the brood area by spraying or drizzling the mix on the bees and between the brood frames. For smaller drench doses 4 tsp. (20ml) per quart.

Contains: Sucrose, Water, Spearmint Oil, Lemongrass Oil and Lecithin. Made with Approved Food Ingredients.

WARNINGS: KEEP OUT OF REACH OF CHILDREN. KEEP TIGHTLY SEALED. This is a concentrate and not for human consumption. If accidentally ingested seek medical help. User assumes full liability of use.
