HEALTHY

The Original

**Feeding Stimulant
With Essential Oils!**
Helps Your Hives to Thrive!

1 Gallon (3.78 Liters)
(Makes up to 220 Gallons Feeding Mix)

Made in USA

Uses: As a feeding stimulant during early spring, fall or dearths of nectar. Helps when used as a spray in sugar water instead of smoke to calm bees and to combine weak colonies. Also, spraying on new plastic foundation encourages acceptance.

**DIRECTIONS: SHAKE WELL BEFORE USING.
KEEP FROM FREEZING. FEED WITH HONEY
SUPERS REMOVED.**

® For feeding, mix 1 quart (liter) Honey-B-Healthy® per 55 gallons of sugar syrup which can be increased to 2 quarts (liters) for maximum efficacy. As a drench, spray to calm or entice bees to work plastic foundation, use 1 gallon to 55 gallons sugar water. For drenching, apply one cup (8 oz. more or less depending on the size of the colony; 3 - 4 oz. on a nuc) of the mix to the brood area by spraying or drizzling the mix on the bees and between the brood frames. For smaller spray or drench doses use 4 tsp. (20ml) per quart of sugar water.

® **Contains:** Sucrose, Water, Spearmint Oil, Lemongrass Oil and Lecithin.

Made with Approved Food Ingredients.

**WARNINGS: KEEP OUT OF REACH OF CHILDREN.
KEEP TIGHTLY SEALED. This is a concentrate and not
for human consumption. If accidentally ingested seek
medical help. User assumes full liability of use.**
